

**Grace
in Action**

Go And Make Disciples Of All Nations

Who We Are

Grace in Action (GIA) is a WELS-affiliated, Bible-based, innovative ministry dedicated to assisting WELS and ELS ministries through coaching, consulting, leadership training, and resources. Founded in 2011, the GIA team is made up of individuals who have been trained at MLC, NWC, or WLS.

From left to right: Greg Schmill, Gary Jeffers, Steve Granberg, Peter Wolfgramm, Don Sutton, Scott Gostchock

What We Offer

GIA provides several training courses or modules designed to assist leaders, congregations, and ministry teams. We will work with you and your team to determine which modules are most beneficial for your situation. Schedules are customized to meet your needs and availability. Our typical process and goals are to strengthen the individual leaders, strengthen the leadership team, and craft a strategic plan to utilize everyone's strengths. Our most common modules include the following:

CliftonStrengths Team Training

Learn to understand and use your God-given talents

Leadership Health & Resiliency

Develop a personal resiliency plan with built-in accountability

Leading in a Multicultural Setting

Deepen your understanding of a multi-cultural ministry

Christian Team Building

Work more effectively as you build trust and engage in positive conflict for the greater good of your team and its mission

Strategic Planning

Develop a dynamic strategic plan in one day using the Vision Traction Organizer (VTO) tool

Visit grace-in-action.com for more details on these and other modules.

Whom We Have Served

Congregations
Across the US

Schools from
Elementary to College

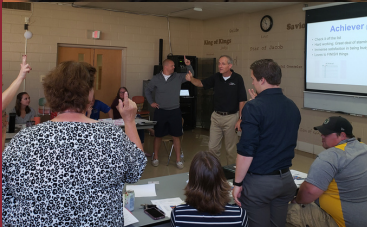

Synodical & Affiliated
Ministries Across the Globe

What We Accomplished Together

"We've used the VTO/Level10 system for 5+ years. It makes meetings valuable and noticeably different. It's amazing to see how quickly we've grown and advanced, under God's grace."

– WELS Lay Leader

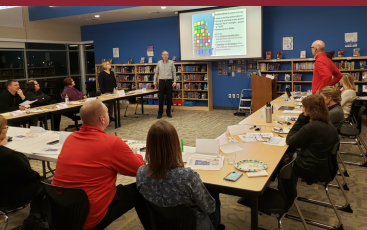

"In two days, GIA helped us accomplish goals that we could not have accomplished on our own in two years."

– WELS Pastor, Professor

"Highly recommend GIA. Unless your group has a history of coming together on large projects and completing them without fail, you need GIA. Without the GIA tools, support, and guidance, we would not have advanced to where we are today, which is a successful, purposeful and high output committee."

- WELS Lay Leader

"While experiencing a major leadership transition and declining enrollment, we partnered with GIA. They led us through StrengthsFinder and VTO. It kept us anchored, focused, and accountable. The Level 10 structure transformed weekly meetings. We were blessed to have enrollment increase by over 120 students over four years. We also expanded our curriculum and fast-tracked a building project."

-ALHS Principal

Can We Be a Blessing to Your Ministry

What challenges are you facing? What goals or outcomes are you trying to achieve? We look forward to the opportunity to serve your team with the personalized support you need to strengthen your ministry.
