

Purchase A Great Lakes Floor Map – \$200!

An excellent educational tool for use with K-12 Teachers, Students & Communities

Why?

The Great Lakes impact our lives in many ways---from drinking water, growing food, creating the weather, manufacturing products, atmospheric deposition of pollutants (from vehicle emissions and power plants), and global warming. The Great Lakes make up 20% of the world's freshwater and comprise 95% of the United States' freshwater.

For Whom?

Great Lakes floor maps are terrific teaching tools for K-12 schools, museums, and education centers throughout the Great Lakes region: Minnesota, Michigan, Wisconsin, Illinois, Indiana, Ohio, New York, and Pennsylvania.

What's Included?

The **Great Lakes Floor Map** is a 15' x 20' canvas cloth upon which has been painted the five Great Lakes, and the boundaries for two countries, 8 states and 2 provinces. A compass rose indicates North.

The map comes with:

Laminated labels for states, provinces, and countries.

Blue yarn and rivers labels

Watershed Lesson "More Than Just a Lake"

Plastic tub for storage
